FREE VIRTUAL NARCAN® TRAININGS

2nd and 4th Fridays each month

12:00pm to 1:30pm via Zoom

Free Narcan® Rescue Kits will be provided!

What is Narcan®?

Narcan® is a life-saving medication that reverses the effects of a heroin or opioid overdose.

Why does this matter?

NYC continues to battle an opioid epidemic that has taken many of our loved ones. Narcan® has already saved thousands of lives.

How can you help?

Be informed and be trained! This training is offered to anyone 18 years of age and older. You will be trained to identify the symptoms of an overdose and administer Narcan®, which can save someone's life. With basic training, non-medical professionals such as friends, family members, or even concerned bystanders can administer Narcan® & save a life.

**To register for training via Zoom
